Dear Khaled Foda:

Congratulations!

It is my great pleasure to inform you that you have been chosen as a candidate for inclusion in the 2010 Edition of **Who's Who in the World®**, scheduled to be published in November 2009.

This is a significant honor, an achievement in and of itself, that is afforded to very few individuals in the course of a lifetime. You are to be commended for the accomplishments and service that have brought your name to the attention of our Editorial Committee.

The best known, most trusted biographical resource on global achievers

Who's Who in the World is the definitive biographical reference work spotlighting leaders from every significant field of endeavor and from around the globe. Our upcoming 2010 Edition will continue to be the principal research tool for business people, researchers, teachers and students who depend on accurate biographical information on the world's most accomplished men and women.

To help our Marquis Who's Who editors ensure the utmost accuracy in compiling the new edition, please submit your biographical data **within 10 days.**

For expedited editorial review, you may wish to submit your information online at <https://secure.marquiswhoswho.com/bio.plx>, using your VIP Code: **WO2744F to enter the secure area of our site.**

Or, if you prefer, you may complete and return the enclosed biographical data form in the enclosed pre-addressed envelope, or fax it to us at 908-673-1179.

Mr. Khaled M Foda
5 El-Khalifa St

Giza 12211 EGYPT

Dear Mr. Foda:

You have been nominated to appear in *Great Minds of the 21st Century*, a major reference directory including just 1,000 of the world's top thinkers and intellectuals. For 40 years the American Biographical Institute has researched and compiled over 200 separate publications devoted to providing accurate and factual information on compelling, interesting and accomplished men and women throughout the world. Many reference institutions, businesses, governments, universities and libraries consider *Great Minds of the 21st Century* the finest directory dedicated to intelligence and its achievements forged.

To compile a directory of this significance, the Institute relies on established research techniques. The ABI is constantly engaged with research centers throughout the world as well as its own global network of research advisors sitting on an international board. When the Institute is compiling a volume, these factors come together to point out individuals, through personal nomination, who deserve the recognition of inclusion in a biographical directory. *Great Minds of the 21st Century* will be dedicated to highlighting your accomplishments and ideas, as well as your contributions to your profession.

Inclusion in a volume as prestigious as *Great Minds of the 21st Century* is quite an accolade, and to celebrate the occasion we offer several mementos, including keepsake copies of the volume at discounted rates to those included only. A Medal of unequalled quality and molded only for *Great Minds of the 21st Century* honorees is of special significance, as is the Proclamation Plaque designed to indicate your unique selection for this volume.

I urge you to complete the questionnaire enclosed and return it to us by **April 11, 2008**, as entries in this book are limited. Should there be a slowdown in the international transit of mail, you may return your acceptance even if your nomination date is close to, or has recently expired. Please study the available mementos of inclusion and recognition. I am sure you will be suitably impressed with their appearance and importance. I congratulate you on your nomination for this monumental reference work, which has never seen a likeness. I look forward to receiving your biography.

Sincerely,

J. M. Evans
President/Publisher

P.S. To assist in our research, you will find a nomination form on the reverse of this letter. You may recommend colleagues, family, friends or any individual you feel deserves inclusion in one of our biographical directories.

Please see overleaf.

LEONI

To Whom It May Concern

It is our pleasure to submit this feedback on the project that we have assigned Dr. Khaled Fouda to work on.

The project was about **I-Recruitment** (Intelligent Recruitment), which was completed and submitted to us right-on-time which was truly appreciated.

It is worth mentioning that we planned for this project to help us in the recruitment activity which was really a key function in our dynamically growing company where people are sought for hiring in a very tight schedule time.

The project also helped in making the process paperless-based cycle. Dr. Fouda was successful in transforming the competencies required for a function to be a measurable item. In addition, the project also had a number of solutions modules like the solution of determining the training gap.

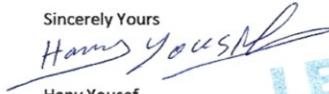

Receiving the project in a challenging time frame was crucial to us in this regard.

The solutions that Dr. Fouda has discussed and agreed with us were all quality-based that were expected to lead to reliable results.

We, therefore, enthusiastically went for that project which was also professionally delivered to us as was planned and on the quality level that was expected.

We have, and will continue to, recommend your service to other companies and contacts.

Sincerely Yours

What can a B2 do?

Can understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in his/her field of specialisation. Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Can produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.
